

## Portfolio at a glance

Our portfolio offers a total of 14 high-quality products for the application areas of Skin Care, Hair Care, Sun Care and Colour Cosmetic.

INCI	Product name	Short description	Area of application
Solanum Lycopersicum (Tomato) Fruit Lipids	Intelligene® Defense	Oil-soluble upcycled active ingredient made from tomato skin wax and tomato seed oil. Soothing, and with antimicrobial properties to improve the barrier function of reddened skin.	Skin Care
Solanum Lycopersicum (Tomato) Seed Oil	Intelligene® Oil	Oil-soluble active ingredient and emollient as an upcycled product from (organic) tomato seeds. Soothing and conditioning effect on skin.	Skin Care
3-O-Ethyl Ascorbic Acid	Lucemine®	Water-soluble, stable vitamin C derivative without color changes in the formulation, as an antioxidant and whitening agent.	Skin Care Sun Care
Polyglutamic Acid	TwainMoist® Green NP COSMOS	Mixture of high- and low-molecular-weight polyglutamic acid as a moisturizer for the skin.	Colour Cosmetic Skin Care
Glycolipids	Neomel-G	Natural, ceramide-like glycolipid as moisturizer and emulsifier.	Skin Care
Silk Amino Acids	Silk Amino COSMOS	Excellent moisturizer that can penetrate the skin and hair thanks to low-molecular-weight amino acids. Gives a smooth feel.	Hair Care Skin Care
Hydrolyzed Silk	Silk Pep	Active ingredient consisting of peptides obtained by the hydrolysis of natural silk fibroin. Forms a protective film, thereby reducing moisture loss from the skin. Acts as an antioxidant and also gives a soft feel.	Skin Care
Sericin	Silk Sericin	Very powerful anti-aging active ingredient with moisturizing effect. Reduces wrinkles and increases skin elasticity. Also acts as an antioxidant.	Skin Care
Saccharomyces Ferment Lysate Filtrate	Lallhair® P&R COSMOS	Probiotic, complex biopolymer as an active ingredient against hair damage. Forms a protective film and replenishes internal damage.	Hair Care
Saccharomyces/Zinc Ferment	Lallskin® Zn COSMOS	Oil-soluble, postbiotic blend of yeast and zinc with improved bioavailability and maximum efficiency against skin impurities.	Colour Cosmetic Hair Care Skin Care
Lactobacillus Ferment	Lallskin® HYDRA COSMOS	Moisturizing, postbiotic ferment that nourishes the skin microbiome.	Skin Care
Saccharomyces Lysate Extract	Lallbiome® 300 COSMOS	Prebiotic, perfect nutrient for the skin microbiome, which covers the entire nutritional needs of the beneficial skin bacteria and yeasts.	Skin Care
Saccharomyces Lysate Extract	Lallbiome® 201	Powdered, probiotic active ingredient to strengthen the skin barrier and immunity.	Skin Care
Saccharomyces Lysate Extract	Lallbiome® 202	Powdered, probiotic active ingredient to strengthen the skin barrier and immunity.	Skin Care
