

Herbal Power HP-2.0 —

Natural Skin Power Bank

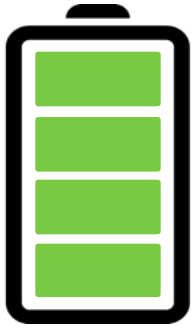

Aging - Stress in different stages of life

Aging - Skin loses energy over the years

full of energy

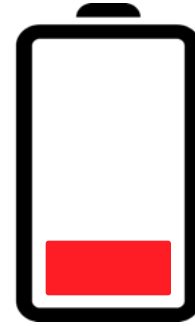

Skin vitality & youthfulness

Energy reduction

Skin vitality decreases due to
accumulated internal and external stress

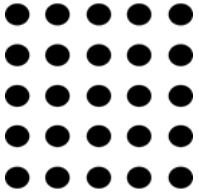

lack of energy

Skin loses youthfulness

Time Passes & Stress Accumulates

ATP - Cellular energy sources

1 Billion

in a cell

50 KG

Produced per day

Cell Energy Currency

- ✓ ATP (adenosine triphosphate) is the main source of cellular energy
- ✓ During stress, cellular energy needs will be higher than the cycling capacity leading the ATP levels dramatically fall, causing cells lose energy

From: Structure and function of mitochondrial membrane protein complexes

Aging - after the skin loses energy

Fine Lines

Loss
Vitality & Radiance

Elasticity loss

Herbal Power HP-2.0

Zea Mays (Corn) Germ Extract

ATP energy boost

Herbal Power HP-2.0

- ✓ Natural botanical sources
- ✓ Skin Energy Recharge
- ✓ Reduces colloidal stickiness
- ✓ Instant firming from underneath the skin
- ✓ Increased skin radiance and smoothness

Herbal Power HP-2.0 - Sustainable technology

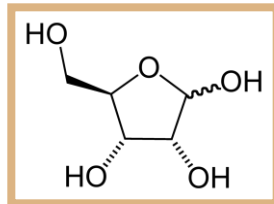

100% Eco-friendly

100% traceability

- ✓ Natural botanical sources
- ✓ Reduce environmental pollution
- ✓ Recycled water
- ✓ No harmful chemicals

Corn Germ Extract - Cell energy key factors

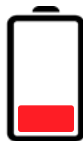

Active Molecule: D-Ribose

Ribose is a pentose, the basis of gene synthesis (DNA, RNA) in the body, and the raw material for molecules required for ATP metabolism.

- ✓ Boosts ATP regeneration rate & skin energization
- ✓ Stimulates skin cell metabolism, improves skin texture and radiance
- ✓ Firming from underneath the skin, reduces wrinkles and fine lines.

Herbal Power HP-2.0 - Energy Activation, Natural Firming

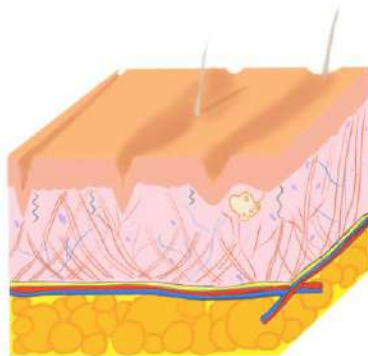

Before

Lack of skin vitality

Lackluster Skin

Lack of elasticity and firmness

After

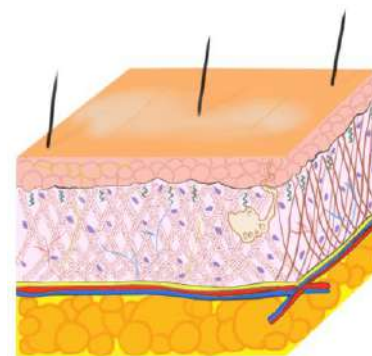

Full of skin vitality

Radiant Skin

Full of elasticity and firmness
