H.E. António Guterres  
Secretary-General  
United Nations  
New York, NY 10017  
USA

Hamburg, August 18<sup>th</sup> 2023

Dear Mr. Secretary-General,

I am pleased to re-confirm that TER Chemicals Distribution Group continuous to support the Ten Principles of the United Nations Global Compact on human rights, labour, environment and anti-corruption after the spin-off and transfer of the chemical raw materials and specialty chemicals business of the TER Hell & Co. GmbH to the TER Chemicals GmbH & Co. KG.

With this communication, we express our intent to continue implementation of those principles. We are committed to making the UN Global Compact and its principles part of the strategy, culture and day-to-day operations of our company, and to engaging in collaborative projects which advance the broader development goals of the United Nations, particularly the Sustainable Development Goals.

TER Chemicals Distribution Group will continue to make a clear statement of this commitment to our stakeholders and the general public.

We recognize that a key requirement for participation in the UN Global Compact is the annual submission of a Communication on Progress (COP) that describes our company's efforts to implement the Ten Principles. We support public accountability and transparency, and therefore commit to report on progress within one year of joining the UN Global Compact, and annually thereafter according to the UN Global Compact COP policy. This includes:

- A statement signed by the chief executive expressing continued support for the UN Global Compact and renewing our ongoing commitment to the initiative and its principles. This is separate from our initial letter of commitment to join the UN Global Compact.
- A description of practical actions (i.e., disclosure of any relevant policies, procedures, activities) that the company has taken (or plans to undertake) to implement the UN Global Compact principles in each of the four issue areas (human rights, labour, environment, anti-corruption).
- A measurement of outcomes (i.e., the degree to which targets/performance indicators were met, or other qualitative or quantitative measurements of results).

Sincerely yours,

Andreas Früh  
CEO

TER Chemicals Distribution Group
